BWF COACH LEVEL 3

COMPETENCIES

The candidate has completed all requirements of the BWF Coach Level 3 course and has, through coursework and the corresponding post-course project, demonstrated the attributes and competencies detailed below.

Personal & Professional Standards

Present appropriately for the role of a BWF Level 3 Coach.

Coach safely and responsibly, maintaining a safe coaching environment.

Competencies: Development of National Talent Systems

Level 3 coaches have demonstrated the ability to:

- Examine their national systems with regards to key concepts in talent detection and identification.
- Discuss the characteristics of the different stages in a player development framework.
- Identify key aspects of an effective talent development system for badminton.
- Evaluate their own countries' talent development systems with regard to these aspects.

Competencies: Managing Elite Training Environments

Level 3 coaches have demonstrated the ability to:

- Explain how the different aspects of the elite training environment can affect players' motivation and performance.
- Explain how their understanding of communication may shape their interaction with players.
- Identify ways to apply systemic coaching principles to their own practice.
- Apply concepts from relevant learning theories when designing coaching sessions with elite players.
- Describe ways to help elite players develop reflection skills.
- Design exercises to foster anticipation skills in players.
- Create conditions for peer feedback to be implemented within their coaching practice.
- Incorporate recognition in their day-to-day work with players to enhance self-esteem and motivation.
- Explain how implementing a team focus can benefit elite players.
